Dear Potential Sponsor / Local Business Owner:

The Never Dunne Foundation was established in 2018 in loving memory of Scott Dunne who passed away from Glioblastoma Brain Cancer. Glioblastoma is notoriously aggressive, growing rapidly and often defying treatment with surgery, radiation, and chemotherapy. By most estimates, half of the patients with this diagnosis will succumb to it within 15 to 18 months, and only 5 or 10 percent will be living in five years.

Our Foundation has been created to financially help families affected by this disease and give them the ability to make memories while they still can. The Foundation will also assist families and caregivers with the financial ability to care for their loved one in their final stages. However, we cannot help those affected without the help and support of our community. We would like to add your business to the list of supporters. All supporters will be added to the list of sponsors on our website www.theneverdunnefoundation.com.
